By Cash: Sorry, no cash, we do not accept it.

Cancellation Policy: - No cancellation in any situation allowed and the fee is non-refundable. However, if we do not / can't offer a seat or if the course is cancelled / postponed because of any reason, your full money will be refunded back to you.

Learning Outcomes: - All participants will gain an understanding of Mulligan's concept of mobilization With Movements. The participant will have enhanced assessment skills when examining extremity and spinal joints. They will have the guidelines necessary to apply, when indicated, painless techniques for the improvement of the joint function. As with all manual techniques, handling skills are paramount, and at the end of the program, the true professional will be able to further develop this new field of mobilization with movement. They will learn taping techniques to maintain correction of functional movement patterns. The most important outcome is that patients will benefit the most from this unique approach.

If you have any query, please call Mrs Chanchal (9312430264) or Dr Deepak Kumar (9810265641).
